LEVIATHAN · CAPÍTULO 1 v2

Art & Asset List

Everything new you need to create for money, projects, the campaign and election night, plus the gaps still left from the current build. Sizes match what's already in the repo.

How to use this list

1. Make **Priority A** first. It's what election night and the campaign need to feel real. Claude Code will run on placeholders until then, so nothing blocks the build.

2. Save originals in `art/source/`. Export optimized copies to `public/assets/` with **exactly** the filename in the table, then register them in `src/ui/assets.ts` (the placeholder disappears on its own).

3. Always reuse the same recipe, model and settings. Only the [SUBJECT] part changes. Generate a character's neutral face first, then use it as the reference image for the other expressions.

4. AI can't make real transparency. For props and the TV frame, generate on a flat plain background and remove it afterwards (remove.bg, Photoshop, or rembg in Python).

5. Never let the AI write text inside the image. Names, numbers, logos and headlines are all drawn in code.

Recipe A: portraits (600 × 800)

```
Painted character portrait, [SUBJECT], in the style of a moody political noir graphic novel,
inspired by Suzerain and Disco Elysium, visible brushstrokes, muted warm palette with deep shadows,
dramatic side lighting, late-1980s Brazilian political atmosphere, head and shoulders, plain dark
textured background, serious expressive face, no text
```

Recipe B: props and scenes

```
Painted illustration of [SUBJECT], same moody political noir graphic-novel style as Suzerain,
visible brushstrokes, muted warm palette, deep shadows, warm desk-lamp light, late-1980s Brazil,
isolated on a plain flat light-grey background, no text, no logos
```

For full scenes (backgrounds), replace the last line with: wide cinematic composition, no text, no logos.

Priority overview

Priority	Area	Includes	Count
A	`Election night`	TV set, night desk, anchor, mayor opponents, counting gymnasium, election audio	5 images, 10 portraits, 7 SFX, 4 music
B	`Campaign`	Campaign props, action illustrations, deputy & council candidates, state map, campaign music	9 images, 6 portraits, 3 SFX, 1 music
C	`Polish`	Missing expressions for existing characters, project icons, ending illustrations	19 expressions, 5 icons, 3 endings, 1 SFX

1 · Election night (Priority A)

The TV effects themselves (scanlines, flicker, glow, static, power-on, chart, ticker, channel logo) are **all made in code**. You only need the physical TV, the night desk and the images shown on the broadcast.

Asset	File (public/assets/)	What to generate (put this in [SUBJECT])
TV set	`desk/tv_set.png` `1200 × 1000`	Recipe B: a late-1980s Brazilian wood-cabinet CRT television, front view, chunky dials on the right, rabbit-ear antenna on top. **The screen must be one flat solid colour** so it can be cut into a transparent hole.
Night desk	`desk_night.png` `1672 × 941`	Use your existing desk.png as the image reference: the **same desk at night**, lamp off, cold blue TV glow from the left, city lights through the window. Same framing as desk.png so everything lines up.

Anchor	`portraits/anchor_neutral.png`
	`portraits/anchor_excited.png`
	`600 × 800`
		Recipe A: Cid Monteiro, a 50-year-old Brazilian TV news anchor, slicked grey hair, big 1980s glasses, wide-lapel suit and loud tie, studio lighting. Excited: mouth open mid-announcement, eyebrows raised.

Counting gym	`election/counting_gym.png` `1600 × 900`	Recipe B scene: a 1989 Brazilian municipal gymnasium full of long tables where officials count paper ballots by hand, canvas ballot bags piled up, fluorescent light, smoke haze, crowds behind ropes.
Studio backdrop	`election/broadcast_bg.png` `1600 × 1200`	Recipe B scene: an empty 1980s TV news studio backdrop, deep blue gradient wall with a faint abstract map pattern, no people. Optional: a CSS gradient also works.
Ballot bag	`election/ballot_bag.png` `256 × 256`	Recipe B: a canvas 1980s Brazilian ballot bag (urna de lona) with a lead seal. Used as the progress icon.

Mayor opponents (Priority A)

Three expressions each: **neutral**, **pleased** (winning), **angry** (losing). Renata already has a neutral portrait; she only needs the two new expressions.

Asset	File (public/assets/)	What to generate (put this in [SUBJECT])
Renata Saldanha	`portraits/rival_pleased.png` `portraits/rival_angry.png`	Use rival_neutral.png as the reference. Pleased: a confident, victorious half-smile. Angry: jaw tight, cold stare.
Roberto Galvão	`portraits/cand_galvao_neutral.png` `_pleased.png · _angry.png`	Recipe A: Roberto Galvão, a 55-year-old wealthy Brazilian businessman, tanned, perfect silver hair, gold watch, expensive navy suit, polished and smug.
Tião Barbosa	`portraits/cand_tiao_neutral.png` `_pleased.png · _angry.png`	Recipe A: Tião Barbosa, a 45-year-old loud radio host turned populist candidate, moustache, open-collar shirt, gold chain, radio studio microphone near his face, charismatic grin.

2 · Campaign (Priority B)

Desk props replace the bills folder during weeks 33 to 40. Action illustrations appear on the campaign action cards.

Asset	File (public/assets/)	What to generate (put this in [SUBJECT])
Santinhos	`desk/santinhos.png` `500 × 500`	Recipe B, top-down: a messy stack of small paper campaign flyers held by a rubber band, blank faces (the name is added in code).
Campaign flag	`desk/campaign_flag.png` `500 × 500`	Recipe B: a small hand-held campaign flag on a wooden stick lying on the desk, blank cloth, faded colours.
Campaign folder	`desk/campaign_folder.png` `500 × 500`	Recipe B, top-down: a thick worn cardboard folder overflowing with campaign schedules and receipts.
Rally	`campaign/comicio.png` `800 × 500`	Recipe B scene: a night rally in a small Brazilian neighbourhood square, a wooden stage with loudspeakers, string lights, crowd seen from behind.
Sound truck	`campaign/carro_de_som.png` `800 × 500`	Recipe B scene: an old Volkswagen Kombi with huge loudspeakers strapped on the roof, driving down a narrow street, kids chasing it.
Campaign workers	`campaign/cabos.png` `800 × 500`	Recipe B scene: cabos eleitorais handing out flyers at a busy bus stop, waving blank flags, 1989 Brazil.
Endorsement	`campaign/apoio.png` `800 × 500`	Recipe B scene: two people shaking hands in front of a small community hall, neighbours watching, warm afternoon light.
Interior trip	`campaign/interior.png` `800 × 500`	Recipe B scene: a dusty road through the Brazilian countryside, a campaign car passing sugar-cane fields at sunset (deputy path only).
State map	`map/state_map.png` `1600 × 1200`	Recipe B: an old folded paper map of a fictional coastal Brazilian state, a port city on the coast and four inland regions (mountains, dry plains, a green valley, a second port), **no names**. Region names are drawn in code.

Deputy & council candidates (Priority B)

Only **neutral** is needed. On election night they appear as small thumbnails.

Asset	File (public/assets/)	What to generate (put this in [SUBJECT])
Dr. Heitor Campos	`portraits/cand_heitor_neutral.png`	Recipe A: a 70-year-old interior political boss, white linen suit, panama hat in hand, heavy-lidded patient eyes.
Pastora Márcia	`portraits/cand_marcia_neutral.png`	Recipe A: a 50-year-old evangelical pastor, neat bun, modest blouse, Bible held to her chest, warm but steely smile.
Jorginho Prates	`portraits/cand_jorginho_neutral.png`	Recipe A: a 40-year-old union leader, steelworker's jacket, beard, sweat, mid-shout energy.
Professor Nilton	`portraits/cand_nilton_neutral.png`	Recipe A: a 60-year-old public-school teacher, cardigan, reading glasses on a cord, gentle tired face.
Sargento Moura	`portraits/cand_moura_neutral.png`	Recipe A: a 50-year-old retired police sergeant, crew cut, thick moustache, short-sleeve shirt, hard stare.
Dona Cleide	`portraits/cand_cleide_neutral.png`	Recipe A: a 55-year-old street-market vendor, apron, curly hair tied back, sunburnt, big laugh lines.

3 · Missing expressions of existing characters (Priority C)

The game already falls back to the neutral face, so these are polish. Always use the existing neutral PNG as the reference image so the face stays the same.

Asset	File (public/assets/)	What to generate (put this in [SUBJECT])
Mentor	`portraits/mentor_pleased · _angry · _suspicious.png`	Otávio Brandão. Suspicious matters most: it carries the hidden morality.
Rival	`portraits/rival_suspicious.png`	Renata (pleased and angry are already in section 1).
Journalist	`portraits/journalist_pleased · _angry.png`	Helena Vaz. Suspicious already exists.
Donor	`portraits/donor_pleased · _angry · _suspicious.png`	Augusto Teixeira. Pleased is the important one: it shows up with every corrupt offer.
Community leader	`portraits/community_leader_pleased · _angry · _suspicious.png`	Dona Lurdes Batista.
Labour party boss	`portraits/party_boss_labour_neutral · _pleased · _angry · _suspicious.png`	Recipe A: Cida Ramos, a 58-year-old Brazilian labour leader, short grey hair, red cardigan, union badge, sharp eyes. Still only placeholders today.
Statesman boss	`portraits/party_boss_statesman_pleased · _angry · _suspicious.png`	Shared by the other three parties' bosses.

Neighbourhood project icons (Priority C)

Small square illustrations (Recipe B, 400 × 400) for the "Ajuda do gabinete" action.

Asset	File (public/assets/)	What to generate (put this in [SUBJECT])
Potholes	`projects/potholes.png`	Neighbours with shovels filling a pothole with tar on a cobbled street.
Football pitch	`projects/pitch.png`	A dirt football pitch with new wooden goalposts on a hillside.
Street lights	`projects/lights.png`	A new street lamp lighting a narrow alley at dusk.
Community centre	`projects/community_center.png`	A small brick community hall being repainted by volunteers.
Clean-up	`projects/cleanup.png`	Volunteers with brooms and rubbish bags in a hilltop community.

Ending illustrations (Priority C)

Optional photos for the front page of the ending newspaper (Recipe B scene, 1200 × 800, sepia-ish like a press photo).

Asset	File (public/assets/)	What to generate (put this in [SUBJECT])
Victory	`endings/victory.png`	A crowd celebrating at night in front of a campaign HQ, confetti and blank flags, fireworks above.
Defeat	`endings/defeat.png`	An empty campaign HQ the morning after: chairs stacked, confetti on the floor, a TV left on.
Deputy win	`endings/assembly.png`	The neoclassical facade of a state legislative assembly at dawn.

4 · Sound & music

Important: every sound in the game today (15 SFX and 3 music stems) is still a synthesized placeholder from `scripts/gen-placeholders.ts`. These new ones join that list. Use ElevenLabs (official MCP) for SFX and fal or Suno for music. Export WAV or OGG with the exact filename.

New sound effects (audio/sfx/)

Sound	File	Prompt / description
TV power on	`tv_power_on.wav`	Old CRT television switching on: click, rising high-pitched whine, static crackle, 2 s. (Priority A)
TV static	`tv_static.wav`	Short burst of analog TV static, 1 s, loopable. (A)
Vote tick	`vote_tick.wav`	A single mechanical counter click, like an old calculator or teletype, 0.2 s. (A)
Lead change	`lead_change.wav`	Short dramatic TV news brass sting, 1.5 s, 1980s broadcast style. (A)
Crowd cheer	`crowd_cheer.wav`	Distant crowd cheering heard through a window at night, swelling, 4 s. (A)
Crowd groan	`crowd_groan.wav`	Distant crowd groaning in disappointment through a window, 3 s. (A)
Fireworks	`fireworks.wav`	Brazilian rojões (bottle rockets) exploding far away in a city at night, 5 s. (A)
Sound truck	`sound_truck.wav`	A loudspeaker truck passing on a street playing a cheesy distorted jingle, doppler fade, 6 s. (B)
Rally crowd	`rally_crowd.wav`	An outdoor political rally crowd chanting and clapping, 5 s. (B)
Coins / cash	`cash.wav`	Banknotes counted and a cash-box drawer closing, 1 s. Plays when money is spent. (B)
Envelope	`envelope.wav`	A thick paper envelope slid across a wooden desk, 1 s. For donor offers. (C)

New music (audio/music/)

Sound	File	Prompt / description
Plantão jingle	`plantao_jingle.wav`	8-second 1980s Brazilian TV news urgent-bulletin jingle: synth brass, timpani, original. (A)
Election night stem	`election_tension_stem.wav`	Loopable 60 s tense noir-jazz pulse, low strings and ticking percussion, no melody, layered under the count. (A)
Victory sting	`victory_sting.wav`	6 s triumphant bossa-nova brass ending. (A)
Defeat sting	`defeat_sting.wav`	6 s melancholy solo piano ending in a minor key. (A)
Campaign stem	`campaign_stem.wav`	Loopable 90 s upbeat Brazilian street-band groove with brass and surdo drums, energetic but slightly ironic. (B)

Optional: anchor voice

If you want the anchor to speak, generate ~10 short Portuguese lines in ElevenLabs with an energetic 1980s news-anchor voice (opening, "urnas chegando", "virada!", "apuração encerrada", winner and loser lines). Totally optional: the ticker text already carries everything.
